1. This Office action is in response to the election filed May 14, 2007. Claims 5-15 are pending; claims 10-15 have been withdrawn from consideration as directed toward a non-elected invention. Applicant's election of the invention of Group I without traverse is acknowledged.

  The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
- 3. Claims 5-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 5, it is not clear how the step of executing an application program is related to the other steps of the method. There is no cooperative relationship recited.
